

Getting Around Dayton

Here is the rental car situation. We have been working with both Hertz and Enterprise but, at this moment, we have worked out a solution with Enterprise.

This is the Enterprise solution:

- If you don't have an Emerald Club Account, enroll as follows:
 - Search the internet for "emerald club"
 - This takes you to National car rental (National and Enterprise are commonly owned)
 - Sign up for the Emerald Club
 - This then includes your
 - Personal information
 - Payment options
 - Rental preferences
 - Communication preferences
 - And such

Once you have the Emerald Club account number, then:

- Email the local Enterprise location at sara.kent@em.com
 - Sarah is the local manager
 - You may call her at 937 439 9001 if you wish to verify your rental
 - Include that you are renting with Robert Williams for the ICS Convention
 - Include your name
 - Emerald Club account number (includes all personal and payment info)
 - Your phone number (for clarification, if needed)
 - Your insurance provider and coverage.
 - The pickup and drop off dates (typically 9/8 through 9/13)

Sara will apply the First Flight discount to your rental, bringing the rental cost to \$271.17 for the 5 days. Your car will be delivered to First Flight Aviation for your pickup. When you depart on Sunday, leave the car at the airport and Enterprise will pick it up Monday.

The cars easily handle 4 people, so if you are budget conscious, rent one car with your friends.
